FOR IMMEDIATE RELEASE
July 8, 2009

Public Informational Meeting for the Burnet County Transportation Plan to Share Information on Existing and Proposed Conditions

WHO: Burnet County is holding a Public Informational Meeting to share information on potential improvements to address traffic needs in the long-range transportation plan for the county. The Comprehensive Transportation Plan will serve as a guide for transportation planning and investments through the year 2035.

WHAT: The meeting will be conducted in an open house format, displaying the existing and proposed conditions of the Burnet County transportation network. Burnet County is soliciting public input regarding these proposed improvements as well as any other public comments regarding the Comprehensive Transportation Plan development process.

**WHEN/
WHERE:**

**Thursday, August 06, 2009
6:00p.m. with a brief
presentation at 6:30 p.m.
Burnet County Courthouse
220 S. Pierce
Burnet, TX 78611**

WHY: By 2035, the population of Burnet County is expected to increase from 41,553 to 94,400. An increase of over 50,000 more people in the County means our transportation needs will increase as well.

Transportation planning is important to everyone. As the population grows in the area, the Texas Department of Transportation, Burnet County, and our municipalities need to ensure that the transportation system remains safe and efficient. The Comprehensive Transportation Plan public meeting will give the public an opportunity to identify future transportation needs to ensure that resources are used for the greater good of the community.

For more information on the upcoming Public Informational Meeting, please contact Sarah Crawford at (512) 715-5203.
