

February Meeting of the Hill Country Chapter of Texas Master Naturalist

## **TOPIC: I'm for the Hill Country - Hill Country Alliance**

The February meeting of the Hill Country Chapter of Texas Master Naturalists will be held on Monday, February 27th, with a program discussing region wide issues affecting the Hill Country and what the Hill Country Alliance does to educate, collaborate, and reach out to different stakeholders on these issues.

Christy is the co-founder of the Hill Country Alliance (HCA), a unique organization established in 2005. The HCA website [www.hillcountryalliance.org](http://www.hillcountryalliance.org) contains a wealth of up to the minute information on what is happening in the Hill Country, along with resources germane to the area, maps, studies and issue papers, links to conservation initiatives around the country, book reviews, and links to many other websites of interest. HCA is a passionate community caring for the unique features, spring-fed streams, heritage ranch lands, spectacular beauty and culture of the Texas Hill Country for the benefit of future generations.

Christy will talk about good conservation practices to protect the region for the future, how HCA works with landowners, developers, and governmental agencies and will also include a question and answer session for discussion of other concerns.

The meeting is free and open to the public. Join us at 7:00 p.m., Monday, February 27th, 2012 in the Upper Guadalupe River Authority's lecture hall. The lecture hall is located at 125 Lehmann Drive in Kerrville, Texas. For more information, please call Tom Hynes at (830) 990-5750.
