

Better Lights for Starry Nights

Learn how to save money, preserve our night skies and enjoy the stars!

Presented by Texas Master Naturalist, Hill Country Chapter and Hill Country Alliance

Monday, March 25th, 2013 • 7:00 pm (doors open at 6:30)
Upper Guadalupe River Authority Lecture Hall • 125 Lehmann Drive, Kerrville

Fun, Free, Open to the Public

A dark night sky full of big bright stars is important here in the Hill Country, just like clean rivers, scenic vistas and natural landscapes. Little by little, light-by-light, the magical mystery of the big Texas night sky is diminishing. But it's not too late to reverse this trend. You can help!

- Bill Wren of the McDonald Observatory will share his expertise on the value and simple strategies to protect starry skies.
- Learn Money Saving Tips - what you can do to "fix" wasteful outdoor lights at your home, ranch, neighborhood and community
- Sports fields, commercial buildings, schools can all be safely and effectively lit in ways that reduce light pollution – find out how
- Live demonstration and practical examples
- Learn more about protecting Starry Nights at HillCountryNightSkies.org
