

# Streamside Management

## Restoring & Maintaining Riparian Areas

**SATURDAY, April 19, 9am - 12pm**

The Cibolo Nature Center is hosting a workshop to inform landowners about **management practices that reduce erosion, enhance wildlife habitat, and improve water quality.** Topics include:

*The Value of Healthy Streams*  
*Natural Stream Dynamics*  
*Healthy vs Degraded Streamsid es*  
*Beneficial Riparian Plants*  
*Streamside Restoration*  
*Best Management Practices*  
*Maintaining Watershed Health*

With proper training you can **repair damaged streams, maintain healthy riparian areas and support an abundance of wildlife.**
