

TANK DEPOT RAINWATER HARVESTING EXPO

SATURDAY, AUGUST 11, 2012

9:00 A.M. – 4:00 P.M.

3303 RR 620 N

LAKEWAY (AUSTIN)

CONTACT:

WILLIAM LANCASTER, MANAGER, WLancaster@Tank-Depot.com

DICK PETERSON, EVENT COODINATOR, 512-922-3326, DickPeterson@DickPeterson.com

Come celebrate the grand opening of Tank Depot's newest location (www.tank-depot.com). Central Texas is a hotbed of rainwater harvesting and with this new Lakeway location; you can find a multitude of tank sizes and manufacturers for your water storage needs. Visit the outdoor display and find a tank you like. Talk to rainwater consultants (like www.dickpeterson.com), rainwater installers (like Sharp Rainwater Harvesting), water haulers (like Lantana Water), well drillers (like Bee Cave Drilling) and irrigation companies (like Wilson Irrigation) about your specific needs. See harvesting devices on display (like filters from RainFilters.com) and visit with representatives of *your* local water utility (Austin, Round Rock, Cedar Park and others).

Check out the class schedule from [The Rainharvest School](#) and learn about irrigation water savings using radio frequency signals sent to your Irrigation Decision Device by Conserve Texas Water.

Try a complementary slice of pizza...just a sample of the whole pizzas available next door at Mr. Gatti's! Come early, stay a while, then take home a pizza to go for lunch or dinner.

Rain or shine, we will be there. We LOVE it when it's raining!
