Central Texans want clean air and water.

We want polluters to be held accountable.

We want the Texas Commission on Environmental Quality (TCEQ) to do its job a lot better.

This is your once-in-a-decade opportunity to make changes at TCEQ through the Sunset Review process.

The Alliance for a Clean Texas and local groups are holding a series of almost a dozen Town Hall meetings across the state. Almost a thousand Texans have shown up in Houston, Victoria, Corpus Christi, El Paso, and Beaumont. Next are Dallas-Fort Worth, San Antonio, Austin, Lubbock, & Abilene!

Central Texans care deeply about our environment. Now is the time when we need you to step up to the mic and use your voice to make much-needed changes at TCEQ!
