

Texas Watershed Stewards

The Texas Watershed Steward program is a free, one-day educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

August 26, 2010: 8:00am-4pm

UGRA Lecture Hall

Guadalupe Basin Natural Resources Center

125 Lehmann Drive

Kerrville, Texas 78028

The workshop will provide an overview of water quality and watershed management in Texas. It will primarily focus on water quality issues in the Guadalupe River Above Canyon Lake as well as efforts by the Upper Guadalupe

River Authority and area residents to help improve water resources and the health of the surrounding watershed.

Pre-register for the workshop by going to:

<http://tw.s.tamu.edu>

or call 979.862.8072
