Celebrate Hill Country Night Sky Month Under the Stars in Lampasas County

Lampasas, Texas – This October, take a moment to step away from the daily hustle and rediscover the magic of the night sky. Lampasas County, with some of the clearest and darkest skies in the Texas Hill Country, invites residents and visitors alike to celebrate **Hill Country Night Sky Month** with a series of events that honor the beauty and importance of our natural nightscape.

The **Lampasas County Friends of the Night Sky** will host a special **Star Party at Fiesta Winery** in Bend, Texas Saturday, October 18 at 6 pm. The event will feature several knowledgeable astronomers and high-powered telescopes, offering both amateur and seasoned stargazers an unforgettable experience beneath the stars.

In addition, the Friends of the Night Sky will be participating in the **Vision Lampasas Squared Silly** event on **October 25th**, located on the historic courthouse square. Stop by their booth to learn how you can help protect our night skies by making your home, business, or property more dark-sky friendly.

Hill Country Night Sky Month is an initiative of the **Hill Country Alliance**, with resources and activity ideas available for schools, communities, families, and organizations who want to get involved.

Whether you're stargazing at the winery or learning more at Squared Silly, October is the perfect time to connect with the cosmos right here in Lampasas County.
