The Hill Country Alliance Marks 20 Years of Protecting the Texas Hill Country with Anniversary Party on November 8

Austin, Texas — The Hill Country Alliance (HCA) is thrilled to celebrate two decades of conservation, collaboration, and community with its 20th Anniversary Party on Saturday, November 8, 2025, from 4:00 to 9:30 p.m. at Knibbe Ranch in Spring Branch, TX.

The milestone event will bring together more than 400 community leaders, conservation advocates, and Hill Country enthusiasts for an evening of live music, good food, and Texas-style fun – all in celebration of HCA’s 20 years of impact across the region.

Event tickets are on sale now and include:

- Live performances by Bruce Robison, Will & The Wilderness, Katie Shore, and very special surprise guests.
- A BBQ dinner paired with complimentary wine and beer from Hill Country wineries, Pint & Plow Brewing Company, and Tito’s Handmade Vodka cocktails.
- Activities for all ages, including hayride ranch tours, photos with a live Texas Longhorn, s’mores by the campfire, yard games, face painting, a custom embroidery station, and stargazing with telescopes.

HCA is currently offering sponsorship opportunities and accepting silent auction donations, inviting local businesses and philanthropic partners to demonstrate their shared commitment to protecting the land, water, and night skies of the Texas Hill Country.

Since its founding in 2004, the Hill Country Alliance has united a diverse coalition of partners to preserve the region’s open spaces, starry night skies, clean and abundant waters, and unique character. Over the past two decades, HCA has led efforts in riparian management, water planning, flood recovery, landowner stewardship, and night sky protection, helping communities across Central Texas plan for a sustainable future.

As HCA enters its third decade, the organization looks forward to strengthening partnerships with more than 50 organizations across its 17-county service area, expanding conservation strategies in the face of rapid growth, and cultivating community-driven solutions for a more resilient and thriving Hill Country.
