

2023 Hill Country Alliance Photo Contest Rules, Terms and Conditions

The Texas Hill Country – famous for its pristine streams, blooming wildflowers, star-filled night skies, and tucked-away small towns – is home to over 3.8 million people and growing fast. Home to three of the fastest growing counties in the country, the Hill Country’s population is projected to grow to 5.2 million in the next seven years. Native flora and fauna that have called the region home for millennia – from beloved gray foxes and live oaks to delicate monarchs and milkweeds – are finding their habitats reduced as our human homes continually expand into their native ranges. As more and more people call the Hill Country home, many of the region’s most special qualities – like sweeping open spaces, clear flowing waters, and starry night skies – are at risk of being loved to death and lost forever.

This spring, the Hill Country Alliance (HCA) calls on anyone with a camera to share your view of this iconic region and its many inhabitants in the 2023 Hill Country Photo Contest, “*Home in the Hill Country*.” **Now through May 31, 2023**, entries can be submitted to HCA’s website. Photographers of all ages and skill levels, from amateur to professional, are invited to participate in HCA’s 17th annual photography contest. Winners will receive cash prizes and their photos will appear in HCA’s 2024 Calendar.

We are looking for original photography that captures the vibrant beauty of our native landscapes, wildlife, and water resources of the Texas Hill Country. Countless creatures call the Hill Country home, and beyond the wildlife and plants that reside here, we’re also interested in seeing the people and communities that make up this special part of Texas. We particularly encourage photographers to consider submitting shots that feature the diversity of the Hill Country, its people, and its future.

Entering is easy! Photos can be submitted online in just a few minutes. See below for details.

Judging

Images will be judged on originality, technical excellence, composition and ability to capture the unique flavor of the Hill Country. Decisions made by the judges will be final. The judges will be a panel of qualified artists, photographers and regional leaders, with knowledge and passion about the Hill Country.

The photographs should accurately reflect the subject matter and the scene as it actually appeared. **Photos that have been digitally altered beyond standards will be automatically disqualified.**

Acceptable are adjustments to color, contrast, brightness and sharpening; removal of dust and scratches; cropping; and use of HDR (high dynamic range), where multiple exposures of the same scene are combined for a greater tonal range. Long or multiple exposure photos of night sky imagery are permitted – and encouraged!

Not acceptable are photo composites (combination of two or more photos, not of the same scene); or the use of artistic digital filters and effects which do not show the scene in its natural way.

Deadline

Online entries can be uploaded to the HCA website starting March 15, 2023 and no later than midnight on May 31, 2023. Finalists will be contacted in June and will be requested to submit high resolutions images and release forms if applicable directly to HCA.
